

**First Grade Social Studies** students at St. Patrick’s will develop into individuals with the ability to locate objects by using cardinal directions. They will be able to locate areas of the four biomes that are covered in first grade which include the Arctic, deserts, oceans, and rainforests. The students will also be able to tell about people who live in these climates and cultures and how they adapt to their environment.

	<b><u>Standards/Goals</u></b>	<b><u>Instructional Tools</u></b>	<b><u>Assessment Tools</u></b>
