

The **Third Grade Art** student at St. Patrick's will actively participate in a hands-on, creative, challenging art environment. In the art room each child will learn a variety of art techniques and styles. Through DBAE, discipline based art education the students will learn how to observe, critique, and produce artwork. The students will explore art using a wide variety of mediums such as; watercolor, oil pastel, pastel, marker, pencil, clay, tempera paint, and many more. The students will learn a variety of art styles while producing their own one-of-a-kind artwork. The art instructor will have the students explore multicultural art and introduce the students to bits of art history as he/she instructs.

<b>Basic Concepts</b>	<b>Goals/Standards</b>	<b>Instructional Tools</b>	<b>Assessment tools</b>
	Students will:	-demonstrations	-observations
Standard A: Students demonstrate a strong understanding of the proper way to use the art mediums.	-handle the art tools/mediums correctly (hand placement) -observe, identify, and understand the wide variety of art mediums -observe, identify, and understand the different styles and genres of art they have learned	-model proper handling of tools -visual tools such as: books, websites, posters, etc.	-oral discussions -recalling information
